

## Examples of school equipment

A couple of examples of what I mean by 'sucky lid' bottles (there is also a good one on the Brigade website).

An example of the all-weather uniform to be kept in school at all times (not to travel forwards and backwards).

Examples of how parents have embellished/personalised book bags and P.E kits so that the children can clearly identify their belongings. Please make sure you still clearly name your child's bags (with sticky name labels or the paper slip that comes with the book bags) as although your child will know the Spiderman bookbag is theirs; the adult might not.

An example of a warm waterproof coat with a hood and zip for the colder months. This can be any colour. This can travel to and from school with your child during that time and does not need to stay at school.
