## Part A: Curriculum music

This is about what we teach in lesson time, how much time is spent teaching music and any music qualifications or awards that pupils can achieve.

Our music learning pathway which outlines our curriculum intent and shows how we cover the curriculum can be found at the following link

At Jessie Younghusband Primary School, our music curriculum is thoughtfully designed to align with the **Model Music Curriculum (March 2021)** and incorporates elements from **Music Express**. This approach ensures a comprehensive and engaging music education for our pupils across both Key Stages 1 and 2.

### Curriculum Overview

#### Key Stage 1

Our music curriculum for Key Stage 1 focuses on the following core components:

### Instrumental Learning Opportunities

Pupils at Jessie Younghusband Primary School have numerous opportunities to learn to sing and play instruments during lesson time. We employ a **specialist singing teacher** who conducts two 30-minute singing assemblies each week, one for each key stage. This not only enhances our curriculum offer but also builds a strong foundation in vocal skills.

Music is taught by a specialist teacher during PPA times, ensuring that all pupils receive high-quality instruction. In Key Stage 1, we focus on **xylophones and percussion**, while Lower Key Stage 2 introduces the **ukulele**. All children learn these instruments as part

of our standard curriculum. In Upper Key Stage 2, we incorporate **digital composition** using programmes such as **GarageBand**, allowing pupils to explore modern music creation techniques.

Additionally, all children participate in performances at least twice a year, including our **Christmas performance** and **summer show**. These events are meticulously prepared with the guidance of our music teacher and singing assembly teacher, providing valuable performance experience.

### **Partnerships and Community Engagement**

We actively collaborate with the **West Sussex Music Hub**, which enhances our music curriculum through professional development opportunities, individual lessons, and participation in local events such as **Chichester Sing Up**. This partnership enriches our music education and provides our pupils with broader musical experiences.

In summary, Jessie Younghusband Primary School is committed to delivering a high-quality music education that fosters a love for music, develops essential skills, and encourages creativity. Our curriculum is designed to meet the diverse needs of our pupils while providing ample opportunities for performance and collaboration within the wider community.

## In the future

This is about what the school is planning for subsequent years.

At Jessie Younghusband Primary School, we are committed to continually enhancing our music curriculum and co-curricular offerings to provide high-quality musical experiences for all pupils. As we look to the future, we have identified several key improvements that align with the **seven features of high-quality music provision** and aim to be implemented in the upcoming academic years.

### Planned Improvements

- **Action:** We plan to increase music lesson time to **one hour per week** for each term. This change will allow for more comprehensive coverage of the curriculum and provide pupils with ample time to develop their musical skills.
- **Timeline:** Implementation will begin in the next academic year.

#### Widening Instrument Offerings

- **Action:** We are investing in **replacing musical instruments** and expanding the range of instruments available for pupils to learn. This will include introducing instruments that are currently not part of our curriculum, thereby enriching the musical experience.
- **Timeline:** This initiative will be rolled out over the next two academic years as we assess the needs and interests of our pupils.

#### Digital Music Development

- **Action:** We have signed up for **Ableton for Schools**, which will enhance our digital music curriculum for Upper Key Stage 2. This programme will provide pupils with the tools and knowledge to create and produce music using digital technology.
- **Timeline:** The implementation of this programme will begin in the upcoming academic year, with training for staff to support its integration into lessons.

#### Collaboration with Local Music Hub

- **Action:** We will strengthen our partnership with the **West Sussex Music Hub** to ensure that our music curriculum is supported by expert guidance and resources, particularly in delivering whole-class instrumental programmes.
- **Timeline:** This collaboration will be reinforced in the upcoming academic year, with regular meetings to align our goals and strategies.
