A New School Year - A New School Building!

We are thrilled to report that the transition to our new building on Minerva has been an overwhelming success! The excitement among the children has been visible as they explore and engage with all the fantastic new features, from the forest themed library to the vibrant playground. It's heartwarming to hear them express how privileged they feel to be the first occupants of a space that will serve future generations of JYS students. This new chapter is not just about enjoying our wonderful new facilities but also about fostering a sense of stewardship and responsibility towards maintaining this environment for those who will follow us. We extend our heartfelt thanks to everyone for your unwavering support and the positive feedback we've received during our first week. Your encouragement has been invaluable as we've adjusted and settled in. Over the next few weeks we may provide brief updates on minor routine tweaks but so far everything is running smoothly, thanks to your cooperation!
