

WALT use our sense of taste to compare the flavours of different liquids.

My Taste Test!

Today I carried out a blind taste test.

I dipped small pieces of plain white bread into different liquids and thought carefully about how each one tasted.

Then I tried to guess what each liquid was! Here are my results:

Liquid	Flavour Use the words from the bottom of the table to fill in how each liquid tasted.	Rating Did you like the taste?	I think that this liquid is . . .
A		  	
B		  	
C		  	
D		  	

bitter	salty	sour	sweet
--------	-------	------	-------
